OBJECTIVE

I am a highly driven Postgraduate student currently studying towards my BSc (Hons) in Computer Science with the University of Limpopo. I am passionate with artificial intelligence, Cyber security, machine learning and computer networks. I am eager to learn new skills and improve those already acquired.

EDUCATION

Haywood College 2015

Matric

Grade 12 (Bachelor Admission)

University of Limpopo 2021

Degree (Completed)

BSc in Mathematical and Computer Science

University of Limpopo 2022

Bsc (Hons) in Computer Science

Incomplete (current studies - 2nd semester)

SKILLS

Java Script - Intermediate

Python - Intermediate

SQL - Intermediate

C++ - Beginner

ADDITIONAL INFORMATION

Module passed are detailed in the attached academic transcript

CERTIFICATES IN PROGRESS

SimpliLearn - SkillUp

- Python
- Introduction to Cyber Security
- Machine Learning

RELEVANT COURSE WORK

- Database
- Computer networks
- Software Engineering
- Artificial Intelligence

HIGH SCHOOL SUBJECTS

- English home language
- Afrikaans first additional language
- Mathematics
- Physical science
- life science
- Business studies
- Tourism
- Life orientation

Camilla Mahlangu

To: Recruitment officer

SUBJECT: APPLICATION FOR A GRADUATE PROGRAM/INTERNSHIP.

I, Camilla Mahlangu hereby writing to express my interest and to apply for the graduate placement program that might be available at your organization. I believe that the opportunity to learn will allow me to positively contribute towards the industry, it will also help me gain practical exposure and broad understanding within the computer science field.

I am a humble, respectful, dynamic, self-motivated, hardworking, versatile, vibrant resilient young and progressive individual currently doing my post grad Bachelor of science in computer science (NQF level 8). I have genuine passion in working and learning, I also wish to further my studies. One of my strongest points is my self-motivation, which allows me to perform well under pressure and against aggressive deadlines. I am a highly analytical thinker and a hard worker, I can quickly identify, scrutinize, improve, and streamline complex work processes.

As a highly performance driven individual, I am currently heading a research module in Artificial intelligence within Cyber Security sector, where I am evaluating the effectiveness of two machine algorithms on a smartgrid data set for the detection of anomalous behaviors.

I am looking forward to joining an exciting and ambitious organisation, therefore I will be available for an interview. My enclosed CV will provide details of my background and current studies.

I appreciate you taking time to review my credentials and I would like to thank you for your time and consideration.

Yours faithfully

Camilla Mahlangu
